Lease Number: <LEASE\_NUMBER>

LEASE NOTICE

LANDFILL AREA: This lease parcel encompasses a portion of an authorized landfill. The lessee is hereby notified that, the operator may be required to implement specific measures to reduce impacts of oil and gas operations on the landfill areas. Such measures shall be developed in concert with the surface owner during the preparation of the NEPA analysis. The overall goal of these measures is to protect the landfill sites.

On the lands described below:

EXHIBIT GJ-LN-16

Lease Number: <LEASE\_NUMBER>

LEASE NOTICE

If drilling operations are proposed, the lessee is hereby notified that there are concerns about ski lift structures, other facilities, and ski runs within the Powderhorn ski area. The lessee is hereby notified that special design, construction and scheduling measures may be required in order to minimize the impacts of drilling and production operations. Proposed drilling and production facilities and operations will be relocated and rescheduled as needed to avoid physical interference with ski area facilities and recreation use. This can include relocations of more than 200 meters or seasonal closures of more than 60 days.

Lease Number: <LEASE\_NUMBER>

LEASE NOTICE

If drilling operations are proposed, the operator is hereby notified that there are concerns about the municipal water source and water conveyance for the town of Norwood, Colorado. The lessee is hereby notified that special design, construction and scheduling measures may be required in order to minimize the impacts of drilling and producing operations. The overall goal of these measures would be to protect Norwood's municipal water source.

On the lands described below:

<LEGAL\_DESCRIPTIONS>

EXHIBIT UFO-LN-07

Lease Number: <LEASE\_NUMBER>

LEASE NOTICE

The lessee is hereby notified that, the operator drilling on federal mineral estate is required to consider the impact of operations on nearby communities and residences and will be expected to reasonably adjust operating procedures to accommodate local residential concerns. For example, the operator will be expected to try to work out reasonable compromises on issues such as noise, dust, and traffic. The operator will be expected to address such issues when raised during public comment periods associated with preparation of environmental assessments or when complaints are reported to the operator, BLM or the Colorado Oil & Gas Conservation Commission.

**LEASE NOTICE**  
**CANADA LYNX HABITAT OR LINKAGE AREAS**

Lands in this lease contain mapped Canada lynx habitat and/or linkage areas. The Lessee is encouraged to contact the local Forest Service Ranger District office for maps of Canada lynx habitat or linkage areas, and potential site-specific requirements for conservation of Canada lynx habitat or linkage areas prior to proposing operations on the lease. The Forest Service will assess any proposed operations to determine effects on Canada lynx. Results of this assessment may result in some restrictions on proposed operations, or disallow use and occupancy if they would be in violation of the Endangered Species Act of 1973
